1.2.3
a Lesson in the University of The New Covenant
Theodore Cottingham, January 7, 2004

1. You will take authority to subdue what I've told you to do. There are many powers which will be subdued, overtaken, displaced, and some crushed—all, not of Me—for Me to exercise My leadership, My beauty, My beauty for ashes given to My people, My creation.

2. My authority is given Me by My Father and I give My authority to you, to subdue, to create, to crush, to commune, to come together in power and unity and nuance not each other to death and into isolation—islanded—but together dialoguing and communing together with each other and Me, and letting Me flow to schools make, and create and crush, what needs to be created and crushed, and brought forth in My body.

3. I love you. Subdue, take authority—on the right trail you are—wimp not, pursue, pursue, pursue the maturity you need to authoritize My body complete.

4. Not easy, not easy, but way made—all complete. Walk, pursue, and shrink back not—none—not ever Ted, no more, one way only and that way is to Me, through Me, for all I have, all I am. You are walking one way, into Me, unafraid of Me, and I rejoice for your tenacity and strength.

5. Now come forth fully out of your corner of desperation and lack into the limelight of My fullness to walk and subdue forces, centuries strangleholding My body with grips and devices and patterns of thinking so defunct, so faulty, so powerless—before Me.

6. Forward, wimp not—yes, forward—authority in authority, by My spirit, not in your authority or might, but by My authority and might.

7. All authority is given unto Me and Ted, I give it you, I give it to you, and what you do with it is your choice—in maturity—as you stand, sit, kneel, and bow even prostrate in My presence, arising at My beckoning now to authority-ize My body.

8. Warfare do with My taught, My freed, My knowledged ones who have come to Me, to you, to us, to the forefront of divided ones no more—but of unified understanding freedomed ones who walk in authority, authority, authority, My authority—your authority surrendered fully, completely, absolutely, to My authority—and saying Me, speaking Me, acting Me, and being Me to My body—all My body—to all My body.

9. I am authoritizing My body this day in realms and powers only dreamed by others in the past. Joel 2, Joel 2, Isaiah 61, Hebrews 8—get My body into My milkstream so I can get them onto My meatstream, matured, matured, knowledged, expertised, skilled, authority-ized to walk in leadership, leadership, leadership—unafraid of evil personified staring at them in their presence: cold calculating, intent on destroying Me and those who represent Me.

10. I am not afraid Ted, and you be not either—never ever, never, and My body—never ever, never be afraid of evil personified when in My presence, and position I stand, in you – and you stand doing and saying what I say and show you.

11. Mature, mature, mature—character of God imploding not, but exploding into and through My body to My body—authoritized, deputy-ized, in every way, representing Me.

12. I love you—pursue My authority and go onward forward, in meekness and humility, strength and authority, and meekness and humility.

13. I love you. It's all one in Me, matured, Ted, My body.

14. Shout, turn cartwheels with Me in joyous celebration for My mature ones coming forth—choices make today, choices make, to mature solidly, deep-roots, built to last and last and last Ted, for eternity, not generations only, but eternally.

15. I love you. Enjoy your lunch. Schools make and discuss fully, unafraid, unintimidated, uninhibited, being fully you, with Me being fully Me, all three of us there together—you, Ed, and Me—Me, in the flesh and the spirit—one.

16. I love you.

17. Passionate pursuit of My authority—healing.
Passionate pursuit of My authority—healing.
Passionate pursuit of Me—My authority—healing for you, for My body.

18. Schools come—oh joyous I am.
19. Now or never—not; always—eternal.

20. I love you deeply. I thank you, for writing My words—day after day, page after page, tablet-full after tablet-full—and schools make for My master disciples who master disciples make.

21. I love you all, so much, so deeply.
22. I am so surrendered to you, to your love for Me. Surrender to Me more so I can give you more of Me, intimately, embracing, constantly in My presence, fullness of joy, authoritized, and authority-izing all in Me.

23. Subdue and powerful be—you are.
24. You have all you need—Me.
25. Subdue, subdue, study, teach, forthwith go forth with those in favor and favor curry I will.

26. Rejoice—two years and less, forming now, coming—land, buildings, master disciple-makers whose only quest is Me—operating in Me and all I have for all My body.

27. I wish to speak more, but enjoy your lunch. Do not be late.

28. Come to Me at eight and I will give you more.
More for Me, more for you.
More for My authority-ized ones seeking Me.

29. I love you.
I love you.
I love you.
